

Upcoming Focus Class: Jekyll Island's Sea Turtles

Summer is almost here and that means its almost time for . . .sea turtles! As a new nesting season approaches join Georgia Sea Turtle Center Marine Field Programs Coordinator Stefanie Ouellette as she shares some fascinating research results for the 2008 nesting season. Learn about the sea turtles that visit us right here, where they go, and how we study them.

When: April 27, 2009 (7-8pm)

**Where: Brunswick-Glynn County Library
208 Gloucester Street**
